DISCUSSION

Ms. Adams provided the Board with a written administrative report. (March 2016 Board file)

Chairman Carter stated that Rev. Ron Davidson would be meeting with the Board to discuss the Long Term Recovery Committee, and the donations which may need to be disbursed in a different manner as previously discussed.

Ms. Adams asked Mr. Hogan if he would set up a meeting with Appomattox and Pamplin Volunteer Fire/Rescue.

There was lengthy discussion of a 2% salary increase for County employees for FY2017.

Ms. Adams reported that Ms. Henderson, Commissioner of Revenue is out of work due to her husband having surgery, so she had not received updated revenue numbers.

Chairman Carter stated that we will continue budget discussion after Rev. Davidson has had an opportunity to speak.

Chairman Carter welcomed Rev. Ron Davidson to the meeting and called on him to come and speak with the Board.

Rev. Davidson came forward and stated that after the last meeting, things got a little complicated.

Rev. Davidson stated that a legal team has been set up from Liberty University and combined with another list that was given. He stated that these two lists have been combined and we now have a good team of Pro Bono lawyers for those in need.

Rev. Davidson stated that \$33,000 is currently the amount in the account for tornado victims. He reported that various organizations are setting up their own donation funds for victims instead of giving to the fund created.

Rev. Davidson reported that being at the last Long Term Recovery Committee meeting and hearing the discussion that took place, it makes sense to take our donated funds to fill the gaps for personal needs that insurance will not cover. He reported that Lyn-Cag will be doing the case study for all individuals involved and will find out what the needs may be. He stated that the Long Term Recovery Committee will be signing confidential statements and He stated that he agreed to be a part of this group with the funds received to use for gaps that other organizations will not cover. He stated that after completed case studies we will see what the actual needs are.

Rev. Davidson stated that Gleaning may be receiving a shipment of furniture/appliances for those who have a need.

After discussion, it was the consensus of the Board to allow the Long Term Recovery Committee to distribute the donated funds based on their case study needs. Rev. Davidson stated that he is willing to meet with the Board and report on progress.

The Board thanked Mr. Davidson for helping with our Appomattox County citizens in their time of need.

Ms. Adams reported that she is currently looking at the Courthouse Maintenance Contract to see if it is feasible to hire employees instead of contracting out the services.
